

Instructions for Reviewing or Changing Your Schedule in ClassChoice

Reviewing your Schedule

1. To access ClassChoice, log in to your Powerschool account. Look on the left-hand side menu and click ClassChoice. Or your link may be found in the upper right hand corner of the screen. Click on the box with the arrow. Then, click on ClassChoice. This will take you to the class change portal.

2. When you're logged in, you will see a screen (shown below) listing the course requests you selected during registration earlier this year. You will also see your schedule for this upcoming school year. In the example below, the student got all of the classes they requested and has a full schedule both A and B days. You will also see the graduation requirements you have fulfilled and those you still need to complete. (we have discovered a few glitches in the class coding, so don't panic if it isn't completely accurate - we are working on this. Reach out to your counselor via email and we can check on any questions you might have).

If you are happy with your class schedule, there is nothing more you need to do.

Changing your Schedule

PLEASE READ THESE INSTRUCTIONS CAREFULLY ALL THE WAY TO THE END BEFORE MAKING CHANGES

WARNING! This scheduling program is LIVE! Once you click "Save Changes," your schedule is changed. There is NO "Undo." You risk losing your spot in a class once you drop it because others are using the system at the same time.

1. Sketch out your schedule on paper before you make changes. This will help you ensure that you can fit every class where it needs to go and to see if there is availability in the classes when you want to take them before you start making live changes.

2. To see when a class is offered, and if it has open seats, hover over the course name/number in your requests.

In this example, the student is hovering over course number 2000, Financial Literacy. You can see that periods 3, 5, 7, 8 are open in Semester 1, but only periods 6 and 9 are open in semester 2. The numbers shown to the right of the teacher (ie: 3A Gough, Dustin (3/40 Open)) means that in 3A Semester 1, there are 3 seats open in that class.

3. To modify your schedule: If you have "holes" in your schedule (missing classes), or you want to change a class, click Edit under the period number for the class you want to change (See screenshot on following page).. **You should not have holes in your schedule if you are a sophomore or junior. If you leave open periods, they will be filled with classes you may not have requested.** You may have "Home Release" classes if you are a senior and you have enough credits to do so (Home Release classes DO NOT earn credit) or if you are already enrolled in an online class (fill out Online class request linked on snowcanyoncounseling.org) or

a class at Dixie Tech or Utah Tech University (Reach out to those schools to enroll).
OTHERWISE YOU MUST FILL ALL OPEN PERIODS WITH A CLASS!

4. On the next screen, click on the full-year (2024-2025) or semester drop-down menus—they will show you which classes are available. Some full-year classes (History, Seminary, some lab

classes, etc.) are offered by semester, so make sure to check under year-long and both semesters if there is a class you cannot find. **HOWEVER**, only classes that you are able to enroll in will appear. If you know a class is offered that period, but it's not showing, hover over "Unavailable Classes" to see why, it is probably full. Or it is a locked class, meaning you cannot get in or out without a teacher referral or some other form of permission. Or you haven't

dropped that specific class from the current period in which it is scheduled. You will not be able to see or add the class another period until you drop it from where it is currently scheduled.

If a class is FULL (0 open seats), it's FULL. Don't ask your counselor or the teacher if you can get into a full class. Classes will NOT be overfilled.

5. If you want to make a change, select an available class, and click the **Save Changes** button to lock it in. Click the **Cancel** button if you decide not to make a change. Be aware—the system has an audit trail that documents every change made.

6. When you are done with your schedule, click **Log Off** in the upper-right corner of the screen. Your schedule is ready for next year.

7. **Be aware that if you leave the screen open without making changes for long, it will go to sleep and log you out. If it does that, you may have to shut your device all the way down before logging back in. Try not to let the system time out if possible.**

Troubleshooting

- **Can't get back into ClassChoice** - If you have trouble logging back into Classchoice, you will need to reboot your computer. Log off after each session to avoid this problem.
- **Can't Log into Powerschool** - To access Powerschool, you must use our exact weblink. If you have another link saved as a bookmark or history that it wants you to use...don't use it. Use this one: <https://powerschool.washk12.org/public> You may need to clear your cache and cookies for the browser you are using. Clear them from the beginning, not just for the past few hours or days.
- **Forgot your Powerschool password** - The same password you use to check your WCSD email or that you have used to sign in to a Chromebook is your powerschool password.
- **You don't see a Link to ClassChoice in PowerSchool** - you can locate the access to ClassChoice in one of two places (different for different students) 1. Top left like in the video posted above 2. Top right corner where there is an box/arrow.

If you have questions, please reach out to your assigned counselor. Please be patient waiting for your question to be answered, as the counselors have a very large number of students to help during this time.
