

Instructions for Reviewing or Changing Your Schedule in ClassChoice

Reviewing your Schedule

1. To access ClassChoice, log in to your Powerschool account. Look on the upper left-hand side and click on the box with the arrow. Then, click on ClassChoice. This will take you to the class change portal.

2. When you're logged in, you will see a screen (shown below) listing the course requests you selected during registration earlier this school year. You will also see your schedule for this upcoming school year. In the example below, the student got all the classes they requested and has a full schedule both A and B days. You will also see the graduation requirements you have fulfilled and those you still need to complete. (we have discovered a few glitches in the class coding, so don't panic if it isn't completely accurate - we are working on this).

If you are happy with your class schedule, there is nothing more you need to do.

Changing your Schedule

PLEASE READ THESE INSTRUCTIONS CAREFULLY ALL THE WAY TO THE END BEFORE MAKING CHANGES

WARNING! This scheduling program is LIVE! Once you click "Save Changes," your schedule is changed. There is NO "Undo." You risk losing your spot in a class once you drop it because others are using the system at the same time.

1. Sketch out your schedule on paper before you make changes. This will help you ensure that you can fit every class where it needs to go and to see if there is availability in the classes when you want to take them before you start making live changes.

2. To see when a class is offered, and if it has open seats, hover over the course name/number in your requests.

In this example, the student is hovering over course number 2000, Financial Literacy. You can see that periods 3, 5, 7, 8 are open in Semester 1, but only periods 6 and 9 are open in semester 2. The numbers shown to the right of the teacher (ie: 3A Gough, Dustin (3/40 Open)) means that in 3A Semester 1, there are 3 seats open in that class. You can also refer to the Master Schedule spreadsheet found on the counseling website on the Class Choice page to see when classes are offered, but you will not be able to see which ones are full or unavailable for you to take on the Master Schedule spreadsheet.

4. On the next screen, click on the full-year (2020-2021) or semester drop-down menus—they will show you which classes are available.

Some full-year classes (History, Seminary, some lab classes, etc.) are offered by semester, so

Modify Schedule: A1

A1 Year-Long 2020-2021 *** No Class Selected ***
Unavailable Classes

- Theater Foundations I [AR] (.50) (Whitman, Kim) (5 open)
- Weight Training Adv (9-12) [HO] (.50) (Redfearn, Justin) (4 open)

make sure to check under year-long and both semesters if there is a class you cannot find. HOWEVER, only classes that you are able to enroll in will appear. If you know a class is offered that period, but it's not showing, hover over "Unavailable Classes" to see why, it is probably full. Or it is a locked class, meaning you cannot get in or out without a teacher referral or some other form of permission.

If a class is FULL (0 open seats), it's FULL. Don't ask your counselor or the teacher if you can get into a full class. Classes will NOT be overfilled.

5. If you want to make a change, select an available class, and click the **Save Changes** button to lock it in. Click the **Cancel** button if you decide not to make a change. Be aware—the system has an audit trail that documents every change made.

6. When you are done with your schedule, click **Log Off** in the upper-right corner of the screen. Your schedule is ready for next year.

If you have questions, please reach out to your assigned counselor. Please be patient waiting for your question to be answered, as the counselors have a very large number of students to help during this time.
