- Online classes require that a student is both self-motivated and self-directed. I believe that my student is capable of staying on track and working independently to complete the online course within the required timeline.
- I, as a parent will need to oversee and monitor my student's progress and help them stay on track.
- My student has access to a computer and internet at home to be able to work on the online class.
- Online classes require approximately the same number of seat hours as an in person class.
- If there are technical issues or problems accessing the class, I will need to reach out to the online provider to resolve the problem.
- Classes will be listed on my student's transcript under the name of the online school, not Snow Canyon High School.
